Subject: Letter to BOEM/BSEE re Offshore Fracking
Attachments: Letter to BOEM Offshore Fracking 2014 _final.pdf

Dear David Smith,

For your information, I am providing you a copy of a letter that I sent to BOEM and BSEE asking for their cooperation with the requests by the California Coastal Commission concerning offshore fracking and providing additional recommendations. Feel free to contact me with any questions or updates on EPA's response to the Coastal Commission's requests concerning the general permit.

Sincerely,
Miyoko
